Patient Instructions: Venous Ultrasound

To ensure optimal results of your upcoming exam, please read the following instructions carefully.

1. Do NOT wear compression stockings on the day of your exam. You may wear them after the exam is completed.
2. Drink plenty of water on the day of the exam. One hour prior to the appointment time, drink 8 ounces of water. Please be sure to empty your bladder before the technologist takes you back for your exam.
3. Upon arrival to our office, check in with the receptionist and remain standing if you can do so. Remain standing until the technologist greets you in the lobby. This will assist us in better evaluating venous reflux in your leg(s).

Following the above guidelines will help your exam go as quickly as possible and help ensure accurate results.

If you need to reschedule or cancel the appointment, please provide a 24-hour notice. No show patients will be charged a \$150 No Show fee.

Should you have any questions, please do not hesitate to call us at 337-269-9777.
